

STEPHAN MATTHIAS WERNER GESCHKE

Date of birth : January 27, 1960.
Place of birth : Berlin, Germany

Seepark 10, CH-9022 Staad/SG-Switzerland
+ 41 76 505 09 00 | s.geschke@newgreen.eu

EDUCATION

LEIBNITZ UNIVERSITY

Eng. D. In Mechanical Engineering

LICEO SCIENTIFICO „C. DONEGANI“ (SO) Internship at CANTIERE CRANCHI PIANTEDO (SO)

Technical Design School

TECHNISCHE FACHHOCHSCHULE BERLIN (TFH)

B. Eng. in Mechanical Engineering

HANS-BOECKLER-SCHULE

Technical High school Diploma

Carl-Benz Oberschule

Secondary school Diploma

Victor Gollancz Grundschule

Elementary school

Hannover, Germany
Doctoral candidate since 2022
Sondrio, Piantedo Italy
1985 - 1987
Berlin, Germany
1982 - 1984
Berlin, Germany
1978 - 1981
Berlin, Germany
1972 - 1977
Berlin, Germany
1966 - 1972

WORK EXPERIENCE

Powerboat race driver, supported by parents and most recently sponsored by Budweiser Budvar, well beyond the active racing career.

CANTIERE CRANCHI PIANTEDO (SO)

1976 - 1984
Piantedo, Italy
1985 - 1987

Intern

GESCHKE MARINE PERFORMANCE

Founder

Berlin, Germany
1987 - 2000

- Traded boats and boat engines, repair and maintenance
- R&D on reducing fuel consumption and emissions in large-volume combustion engines

Projects

GESCHKE MARINE PROJECT

Founder

Bad Saarow, Germany
1998 - 2004

- Provision, but non-acceptance, of funding from the Berlin-Brandenburg state government for research and development
- Acquisition of the first patent for a catalyst for boat engines with an injection system and a completely new intake air control system
- Start of development of a completely new hybrid drive system

PRO-ONE AG

Founder

Arbon, Switzerland and Vaduz, Principality of Liechtenstein
2005 - 2011

- Expanded the R&D projects
- Relocated Pro-One AG to Liechtenstein at the personal invitation of the Hereditary Prince
- Built first car prototypes of the developed technologies based on the Mercedes A-Class
- Started building prototype construction of hybrid drive technology (in-house)
- Developed more motor components/construction of the m-drive prototype under newly founded firm NEWGREEN AG

NEWGREEN AG/ NEWGREEN INC./ NEWGREEN Ltd. Switzerland/ USA/ Great Britain

Founder

2021 - present

- Designed and built on a 5.0 V8 with an average fuel economy of +34 mpg and well below all previous emissions (**TIER 5**) as well as previously unregulated but highly toxic pollutants in the exhaust gas. Project reg. name "Montana Motors"
- Development and prototyping of an energy independent drive system with the performance of a conventional internal combustion engine.
- Additional patent applications in Heidelberg, Germany
- Owner of various trademarks / registered rights for commercial use of proprietary technologies

SKILLS & INTERESTS

Awards and honors: German Motorboat Racing Champion 1979 (SD class); European Champion 1982 (OE class); World Champion 1983 (OE /1/3); 1st place in the "6 Heures de Paris 1984" in Formula 3; Awarded the Golden Sports Pin by UIM/ADAC in 1986, "Who is Who" Encyclopedic 1998

Patents including No.: DE19713442C2, 22843799.2, 22843805.7, 22843806.5, 10.2021134519.7, 10.2021134520.0, 10.2021134521.9

Projects: Own development of an 8-cylinder boxer engine (850 cc) for Formula 3 (racing boat); presentation of the first fully functional prototype of a 3-way catalytic converter for marina engines with fuel injection system (and fuel preheating to significantly reduce emissions) for V8 engines.

Language: German, English (conversational) French (conversational)

Staad (Switzerland), 01.02.2025

Ing. grad. Stephan Geschke
